

Dear prayer team,

Tomorrow we land in Australia for the annual medical checkup on the mass on Rachel's ovary. We'll be there a few weeks to fit in the tests and the doctor's appointment where we'll get the results.

Pray:

- For safety in travels, and a smooth transition to a different country.
- For some much needed rest during our time in Australia.
- For peace as we get tests and wait to hear the results. These checkups have become routine, but there's still a chance each time that the mass may have grown and surgery might be necessary.

Praise God:

- We had an encouraging time with the other missionaries at our regional conference!

Thanks so much for praying for us!
Josiah and Rachel
